

## **Trend**

Intro: D, G, F, G, F, G (4X total), then G, F, D, Dsus4 (2X total)

G F D Dsus4  
When I faced up to responsibility  
G F D Dsus4  
I found out that it wasn't the right thing for me  
G F D Dsus4  
I tried to climb the ladder right up to the top  
G F D Dsus4  
Before my foot touched on the rung I felt the drop

A C G (tacet)  
Now I'm way, way, way, way, down again  
(Intro chords)  
Well, that's my trend

(Repeat above for next verse)

Things are looking good but I still feel down  
Sick of people thinking of me as a clown  
When I think that I am finally gonna win  
I trip and fall and I'm in the circus once again

And I'm way, way, way, way, down again  
That's my trend  
That's my trend

Break solo (Intro chords)

And I'm way, way, way, way, down again  
That's my trend  
That's my trend

When I faced up to responsibility  
I found out that it wasn't the right thing for me  
I tried to climb that ladder right up to the top  
Before my foot touched on that rung I felt the drop

Now I'm way, way, way, way, down again  
That's my trend  
Well, that's my trend  
Yeah, that's my trend  
That's my trend
