

No One Else (But You)

**When you walked into the room
I felt my heart take dive
The party ended too soon
Was feeling much too alive**

**I want to walk you, protect you, escort you back to your home
I want to always be there to assure you, you won't be alone because**

**all my life I'm trying
just to be with you
All my life I'm trying 'cause there's
no one else but you**

**When you came into my life
I felt my heart start to race
All other girls in my life;
they vanished without a trace**

**I want to walk you, protect you, escort you back to your home
I want to always be there to assure you, you won't be alone because**

**all my life I'm trying
just to be with you
All my life I'm trying 'cause there's
no one else but you**

**I want to walk you, protect you, escort you back to your home
I want to always be there to assure you, you won't be alone because**

**all my life I'm trying
just to be with you
All my life I'm trying 'cause there's
no one else but you
no one else but you
no one else but you
no one else but you
no one else but you**
