

Lazy

**Life is such a hurry
People rush to scurry
Look around you slow it down
I have to get to LA
Don't you show me the way
Don't really want to see that town**

**'Cause I'm lazy from head to toe
Lazy, that's all I know**

**I should make some coffee
I should check on the fax
Boss man riding on my back
People always callin'
I feel that I'm fallin'
Motivation's what I lack**

**'Cause I'm lazy from head to toe
Lazy, that's all I know**

**Someone stop this starin'
I find myself just glarin'
Can't help surfing on the net
Didn't go to work today
Stayed at the track, yeah to play
Play the horses- place my bet**

**'Cause I'm lazy from head to toe
Lazy, that's all I know
That's all I know
That's all I know
That's all I know**
