

## **Don't ask me why**

You can ask me to be here  
You can ask me to stay  
Inquire 'bout the future  
Though we're so day by day

If things don't work out  
like you planned in your mind  
Look at me, but don't ask me why  
Don't ask me why  
Don't ask me why  
Don't ask me why

You can ask me to see you  
You can ask me to care  
Try to make me be like you  
Look for something to share

But if things don't work out  
like you planned in your mind  
Look at me, but don't ask me why  
Don't ask me why  
Don't ask me why  
Don't ask me why

You can ask me to love you  
but with no guarantee  
I'm often thinking about you  
I think we're not meant to be

So things won't work out  
like you planned in your mind  
Look at me, but don't ask me why  
Don't ask me why  
Don't ask me why  
Don't ask me why
