

## Once

Baby, if it's you,  
you need to let me know  
Don't let me down again  
Baby, if it's true  
you'll bleed to let me know  
we're better off since then...since then

So I won't have to stray  
where I don't belong, no  
And I won't have to sway  
'cause I'm feeling strong, now  
So tell me once today

Maybe if it's you  
then you can get to know  
the comfort I would send  
Maybe if your true  
I bet the good would show  
and I'd be better when...oh, when

When I won't have to stray  
where I don't belong no  
And I won't have to sway  
'cause I'm feeling strong, now  
So tell me once today

Baby, if it's true  
you'll bleed to let me know  
we're better off since then...since then

So I won't have to stray  
where I don't belong, no  
And I won't have to sway  
'cause I'm feeling strong, now  
So I won't have to stray  
where I don't belong, no  
So tell me once today

Maybe if it's you  
then you can get to know  
the comfort I would send...would send
