

## *Shadows of Doubt*

Bet you figured it out  
beyond shadows of doubt  
that we've been just a heartbeat away  
Bet you know deep inside,  
though we struggled and tried,  
loneliness could have melted away

Insecurities preside  
(when you learn about the lies)  
Revelations of the past  
(didn't make the present last)  
Is there any way to make  
(up for all of the mistakes)  
anytime, anyhow  
anytime, anyhow?

And that feeling we get  
when we can't even sit,  
as we carve circles into the floor  
When we needed our best  
gave each other much less  
at a time when we needed much more

Insecurities preside  
(when you learn about the lies)  
Revelations of the past  
(didn't make the present last)  
Is there any way to make  
(up for all of the mistakes)  
anytime, anyhow  
anytime, anyhow?

(Repeat previous verse & chorus)

(Instrumental Break)

(Repeat Chorus)

Bet you figured it out  
beyond shadows of doubt  
that we've been just a heartbeat away
