

I Can't Look Back (So Strange)

I have to tell you
It's hard to say
Been so dark, I've seem to have lost my way
I call your name out
But no reply
Searching long to find the reasons why

While we take our break
Look at our mistakes
Pass the blame and drink the sorrow
As we sit and hide
from our darker side
I can't stop thinking you will

Wonder how a normal guy like me
could ever find a normal girl like you
Then along the way a lot had changed
Now we can't look back and it's feeling strange

Gravitation
to and from
what we want and what we know is done
Look past the hardships
that we have fought
to keep us in each other's thoughts

While we take our break
Look at our mistakes
Pass the blame and drink the sorrow
As we sit and hide
from our darker side
I can't stop thinking you will

Wonder how a normal guy like me
could ever find a normal girl like you
Then along the way a lot had changed
and we can't look back and it's feeling strange
