

## **Sickening Philosophy (One Time Around)**

Some days ago  
I felt I ruled  
Then I woke up  
to see me fooled  
We hit the road  
We did some speed  
The chain was cut  
and we were freed

Now I'm losing the faith I had in you  
Now I'm losing the faith I had in you

One time around  
Already I found you're not the type for loyalty  
Chasing you down all around the town is a sickening philosophy

You lost your touch  
Gave up the race  
Do you miss me much?  
You'll get replaced

'Cause I'm losing the trust I had in you  
'Cause I'm losing the trust I had in you

One time around  
Already I've found you're not the type for loyalty  
Chasing you down all around the town is a sickening philosophy, oh yeah

When you have your shot at life's rewards  
You just don't spill your cup expecting to get more

Now I'm losing the faith I had in you  
Now I'm losing the faith I had in you

One time around  
Already I've found you're not the type for loyalty  
Chasing you down all around the town is a sickening philosophy  
It's a sickening philosophy  
It's a sickening philosophy  
It's a sickening philosophy
