

Fallin' In Love

**Anywhere you want to go
Anything you want to do
Dinner or a drive in show
Something old or something new**

**Say the word and we'll be there
Any wish is my command
Breathing in the ocean air
Lying on the coastal sand**

**I'm fallin' in love with you
I'm fallin' in love with you**

**Every hour from the dawn
a hook is resting in my smile
Addiction's never been so strong;
following me every mile**

**I'm fallin' in love with you
I'm fallin' in love with you**

**I want to be careful
not to let this slip away
Losing you'd make my very soul tear away**

**Anywhere you want to go
Anything you want to do
Dinner or a drive in show
Something old or something new**

**I'm fallin' in love with you
I'm fallin' in love with you
Can't you see that I'm
fallin' in love with you?
Oh my my I am fallin' in love with you**
