

Take Me As I Am

Looking for the perfect one?
When you see me in the sun
I have my faults I cannot hide
In the darkness must I hide?

We've been through it, thick and thin
Just as I think I might win
Win you over 'cause I'm me
Realize that it won't be

Can you take me as I am?
I know that you're confused but understand
We are under love's command
I know that you're confused but understand
Love is all we have
so take me as I am.

As you're living out your days
Try to clear away the haze
View yourself-what do you see?
You're not much different from me

Can you take me as I am?
I know that you're confused but understand
We are under love's command
I know that you're confused but understand
Love is all we have
Take me as I am
Take me as I am
Take me as I am
